# WELCOME TO RADIANS

## LEADING THE WAY TO A SAFER TOMORROW

In 19 years, Radians has become a major leader in the safety industry by manufacturing high performance Personal Protective Equipment (PPE) for the industrial, construction, and safety markets. Fostering a culture of innovation, flexibility, and excellence, we create products, services and experiences that are leading the way to a safer tomorrow.

We manufacture premium product lines, such as DEWALT® and Crossfire®, and performance value brands. Our comprehensive line of safety equipment provides a variety of PPE solutions to satisfy style demands, comfort requirements, compliance concerns, and price considerations of end users.

You are important to us. We don't take our relationships and partnerships for granted. We are continuously evolving and expanding our product lines, our capabilities, and processes to be your top tier supplier of quality safety solutions for the end user while consistently meeting our partners' expectations.

## OUR COMMITMENT TO YOU

- Our products are manufactured in ISO-certified facilities and have passed strict ANSI testing to ensure maximum protection and performance.
- Our numerous brands and extensive line of safety gear will help you create a solutions-oriented safety program.
- Our world class customer service, product managers, safety specialists and outside sales team will support and train you.
- Our automated warehouse improves the speed and accuracy of your orders.
- Our Made in USA manufacturing capabilities provide fast turn-around times and the choice to buy American-made PPE.
- Our customization programs offer fast and economical solutions for imprinting. Plus, our online software called My-Viz lets you design custom vests and T-shirts that Radians will fabricate for you quickly.
- Our programs will help you gain a competitive edge, such as no additional charges for drop shipments and same-day shipping of in-stock items if ordered by 5 p.m.

## RADIANS IS PASSIONATE ABOUT OUR PRODUCTS AND CAPABILITIES

**RADIANS:** Whether your workplace environment is inside a manufacturing plant or outdoors in a hazardous construction work zone area, Radians offers a comprehensive line of quality safety gear to minimize exposure to workplace hazards to help keep you safe.

**CROSSFIRE:** Crossfire Eyewear by Radians is an industry leader in designing eyewear that affords the end-user a seamless link between the latest in style and cutting edge technology for superior optical clarity.

**DEWALT:** Recognized around the world, DEWALT has always had the toughest tools to help you get the job done. With DEWALT Protective Gear, now you can make sure that the toughest jobs are done safely. DEWALT protective gear is engineered for comfort, durability and above all, safety.

**RADWEAR:** Radians' commitment to innovation and manufacturing in the USA is easy to see in our high visibility apparel for fire, law enforcement, emergency, construction, transportation, highway, industrial and other specialty markets.

**ARCTIC RADWEAR:** If your work, lifestyle, or sport activities expose you to high levels of heat, protect yourself against heat stress with Arctic Radwear cooling products by Radians.

**NORDIC BLAZE:** Nordic Blaze warming gear is designed to keep you warm in cold and harsh environments. The ergonomically designed product includes several features for added warmth, comfort and protection.

**VISIONAID:** VisionAid manufactures a complete line of lens cleaning systems available in disposable or permanent stations, emergency eyewash stations, and pre-moistened towelettes. VisionAid products are made in the USA.

RADWEAR™ CUSTOM APPAREL DESIGNER

## CUSTOMIZE YOUR PROTECTION

Do you have a special safety situation that calls for a uniquely designed safety vest or T-shirt? If so, Radians' My-Viz Custom Designer is the perfect tool. We will manufacture customized safety solutions in the USA quickly and affordably.

### YOU DESIGN IT—WE BUILD IT

- ✓ Intuitive online software to create your Vest or T-Shirt
- ✓ Quick Turn-around Times - Made in USA
- ✓ Low Minimums
- ✓ Affordable Costs
- ✓ Complete Customization

### CREATING YOUR CUSTOM VEST OR T-SHIRT IS QUICK & EASY!

- ✓ Choose your style of vest or t-shirt
- ✓ Pick a color combination
- ✓ Find the right fabric for your needs
- ✓ Select the style of reflective tape
- ✓ Choose your pockets and accessories
- ✓ Place your custom imprinting message

Visit [www.my-viz.com](http://www.my-viz.com) and activate your account today.

HIGH VISIBILITY IMPRINTING - AUTO MACHINE

HIGH VISIBILITY IMPRINTING

HARD HATS AND EYEWEAR IMPRINTING

## CUSTOM IMPRINTING MADE EASY

DIFFERENTIATE YOUR PRODUCT AND  
STRENGTHEN YOUR BRAND!

**QUICK  
CUSTOMIZED  
ECONOMICAL**

- Your logo, your message (up to 4 colors)
- We can re-create any logo for a small fee
- Value added services
- Fastest turn-around time in the industry

## MANUFACTURING PPE IN THE USA

Prior to 2008, we imported 98% of our product. In the past eight years, we made strategic acquisitions of U.S. Companies, such as Crossfire, VisionAid, and CSS, that have allowed us to manufacture products in the USA, and we plan on continuing this trend.

### BENEFITS OF MANUFACTURING RADIANS PRODUCTS IN THE USA

- Faster turn-around times
- Optimal control of the manufacturing process to ensure a quality product
- Giving you the choice to choose USA vs. Imported products
- Creating jobs in America and improving the American economy

### FOAM EARPLUGS

### HIGH VISIBILITY

### EYEWEAR

# TESTING AND STANDARDS

CAPABILITIES

To maintain and grow our leadership status, Radians tests all of our products against the current regulatory standards for the regions where the product will be marketed. All glasses, high-visibility materials, fire retardant materials, and EU products are tested by third party independent laboratories.

At our corporate headquarters, Radians has installed a state-of-the-art hearing protection laboratory which is accredited through the National Voluntary Laboratory Accreditation Program (NVLAP Lab 500090-0) for testing of hearing protection products to ANSI S3.19 and ANSI S12.6. Radians also maintains in-house testing facilities to ensure continued compliance with applicable optical and high-impact standards for eyewear in addition to third party eyewear testing.

With our focus on product quality, regulatory standards, and testing, you can feel confident Radians' products meet or exceed all necessary requirements to ensure your safety.

NVLAP LAB CODE 500090-0

## WAREHOUSE AUTOMATION

## INCREASED EFFICIENCY & CUSTOMER SERVICE

To help us consistently meet and exceed our partners' expectations, Radians is always evolving. Radians recent investment in an automated warehouse solution increases levels of customer service and satisfaction.

- Real-Time Shipping Information
- Expedite same day orders more efficiently
- Improve speed and accuracy of orders
- Reduce error in shortages and overages

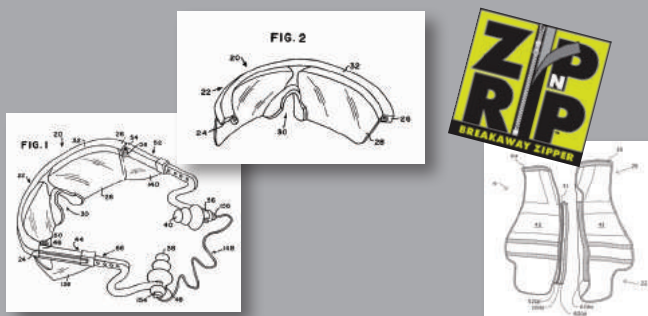

## QUALITY ASSURANCE

The International Organization for Standardization (ISO) 9001:2008 specifies requirements for a quality management system where an organization needs to demonstrate its ability to consistently provide product that meets customer and applicable statutory and regulatory requirements.

## PRODUCT INNOVATION

Radians is not only a manufacturer and supplier of quality safety products, we develop and design new products

- To satisfy our customers' changing safety needs.
- To stay abreast of evolving market trends.
- To produce the highest quality PPE products at lowest possible costs to offer a value proposition.

## RADLINK™ DISTRIBUTOR ACCOUNT

The Radians name and brand is synonymous with market leadership, quality and reliability, and is sold exclusively through authorized distributors.

- 24/7 online ordering
- Check on status of orders
- Instant access to stock availability
- View invoices and purchase history
- Track shipments

## ONLINE MARKETING TOOLS

Radians' website provides valuable information, resources and images on all of our products and capabilities.

- Interactive and downloadable PDF catalogs
- Individual product sales sheets
- Downloadable high resolution product images
- Search engine
- Product videos
- Imprinting locations
- RadLink distributor portal

## CUSTOM MARKETING FLYER PROGRAM

Just as Radians can customize your safety products with your brand and logo, we can also produce custom marketing materials in-house.

## SOCIAL MEDIA

You can learn about new products, our people, and trade shows we are attending. Plus, we periodically have Facebook contests where you can win cool PPE.

# HEARING PROTECTION

Although hearing protection regulations have been in place for decades, Noise Induced Hearing Loss (NIHL) is still a major occupational illness. Hearing loss is imperceptible at first with no pain or trauma. Unfortunately, once hearing damage occurs, it is irreversible; and your lifestyle at work and at home can be negatively impacted.

# HAND PROTECTION

Radians is expanding our line of hand protection to provide gloves that keep workers' hands protected from common workplace hazards. The National Safety Council estimates that the direct cost of a laceration is \$10,000 including care and missing six days of work, which is the average time off for a hand injury.

You can look to us for performance gloves that protect your workers' hands while not compromising comfort and dexterity. We offer a variety of materials and coatings for various job applications, including nitrile, latex, Polyurethane coatings, and cut resistant fibers.

- Trusted Brand
- Worldwide Marketing Support
- Premium Designs

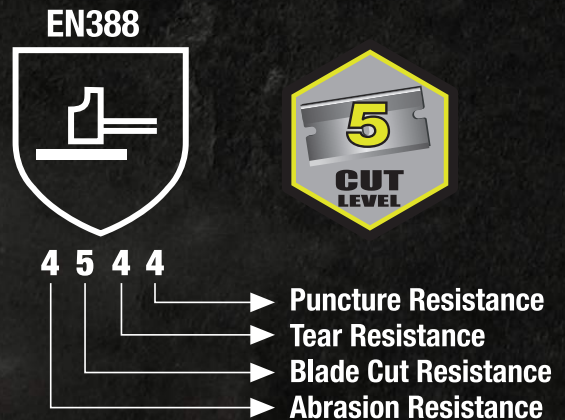

- Uncompromisable Protection
- Quality Performance
- Innovative Solutions

## STANDARDS & TESTING

Standardized testing of gloves ensures that the proper glove can be selected based on the hazards present. Current testing includes ratings for abrasion, tear, cut, and puncture. New versions of the EN388 and ANSI/ISEA 107 standards coming in early 2016 will improve cut testing to rate much higher cut levels, align cut test results between ANSI and EN cut test methods, and add ratings for vibration and impact resistance. Radians will be updating testing and product labeling as these new standards become available to stay at the forefront of glove evolution.

### EXAMPLE OF EN388 STANDARDS

# ICON LEGEND

# PROTECTIVE EYEWEAR

Since the premium eyewear market is a multi-billion dollar market, it's apparent that millions of people s have a self-expressive connection with their premium eyewear and place extreme importance on brand recognition. Brand recognition of eyewear goes beyond lifestyle and plays a serious role in the industrial markets because premium brands are a catalyst for compliance.

To meet worker expectation for premium style, all day comfort, and extreme protection, Radians offers affordable premium brands, such as Crossfire and DEWALT.

**CROSSFIRE**

- Trusted Solutions

## STANDARDS & TESTING

- All safety glasses and goggles meet the high impact requirements of ANSI Z87.1 (Z87+).
- Select styles have also been tested for compliance with additional military / international standards including VO Ballistics (0.15 caliber), CSA Z94.3, EN166, and AS/NZS 1337.
- Eyeglasses are NOT safety glasses unless both the lenses and frame are in compliance with the specifications for safety eyewear described in the ANSI Z87.1 standard.

STANDARD	IMPACT SPEED	CALIBER / SIZE	PROJECTILE
ANSI Z87 + High Velocity	150 feet / second	0.25 inch diameter steel ball (25 caliber)	
	45 meters / second		
Mil-PRF-31013 VO Ballistic	640 - 660 feet / second	0.15 inch diameter steel projectile (15 caliber)	
	195 meters / second		
High Mass Impact	17.6 oz / 50 in height	17.6 oz / 500 g pointed projectile dropped	
	500 g / 127cm height		

# ICON LEGEND

Meets or Exceeds ANSI Z87.1+ Standards

Available with Scratch Resistant Hard Coat

Provides 99.9% UVA and UVB Protection

Provides enhanced vision by filtering damaging blue rays

Prevents lenses from fogging

Meets VO Ballistic Standards Mil-PRF-3103

Meets CSA Z94.3 Standards

Provides protection against dust and debris

Can be worn over prescription eyewear

Made in the USA

Polarized lens prevents glare

Adjust the length of temples

Adjust the lens angle

Customize the fit of the nosepiece

Adjust temples for the perfect fit

Provides added side protection

# PREMIUM EYEWEAR

**Our approach to design affords the end user a seamless link between the latest in style and cutting edge technology.**

- Advanced lens coatings for superior scratch resistant and anti-fog properties.
- High-end materials for polycarbonate lenses, rubber nose pieces and frames.
- Polarized and High Definition lens options for enhanced optical clarity.
- De-centered cut lenses to match the focal point with actual line of sight, again ensuring optical clarity.
- 99.9% UVA and UVB protection.
- Stylized lens colors and cool frames that premium-brand consumers love.

EYEWEAR

## FRAME TECHNOLOGY

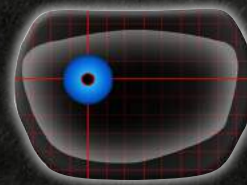

- TPR Technology increases the grip to keep glasses on your face.
- All polycarbonate lenses provide 99.9% UV protection and comply with ANSI Z87.1+ standards. Hard Coat provides scratch resistance.
- Flexible and durable Nylon materials on frames provide added durability and protection.

## ENHANCED OPTICAL CLARITY

The optically correct portion of the lens blank is pinpointed and marked at the focal point.

The de-centered lens is cut to match the focal point with actual line of sight, ensuring optical clarity.

## HD LENS TECHNOLOGY

Crossfire's High Definition (HD) Lens Technology provides enhanced vision by filtering the most damaging blue rays and allowing for more transmission of the High Definition light spectrum.

# PERFORMANCE EYEWEAR

Just as premium eyewear has a role in today's safety programs, performance protective eyewear meets a variety of needs at jobsites around the globe, especially when you have to protect hundreds of workers.

All of our safety glasses are ANSI Z87.1+ certified and have many features that provide comfort and protection, including 99.9% UVA and UVB protection.

Plus, you will find numerous styles, lens colors, and price points to satisfy a variety of budgets and safety programs.

## POLARIZED LENSES

The sun's rays reflect off of surfaces such as sand, water, and snow causing glare. Crossfire's polarized lens technology prevents glare by filtering out the reflected bent light and glare resulting in enhanced vision in harsh environments.

# BI-FOCAL EYEWEAR

## WHY CROSSFIRE BIFOCALS?

We know you get tired of switching out your safety eyewear for reading glasses while your on the job. So we took some of our best styles from our Crossfire® line and added Magnification Diopters to the lenses giving you a Bi-Focal Safety Eyewear that you'll actually want to wear.

### CROSSFIRE® BIFOCAL STRENGTH CHART

# RAINWEAR APPAREL

## RAINWEAR WORKERS WANT TO WEAR

Radians Industrial Rainwear line is a commitment in uncompromisable protection. We are focused on quality, value, and service while continually addressing functional wear-ability. Whether your work requires an economical option in disposable protection, durable protection from a hazardous environment, or High Visibility rated protection in inclement weather, we have you covered.

**ANSI/ISEA 107-2010 Class 3 Standards:**  
 Background Fabric: 1240 Square Inches  
 Reflective Material: 310 Square Inches Minimum  
 Reflective Width: 2 Inches

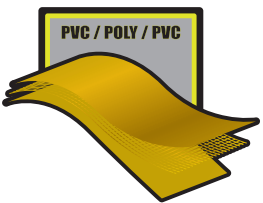

**ANSI/ISEA 107-2010 Class E Standards:**  
 Background requirement: 465sq" s  
 Reflective Requirement: 108sq" s  
 Class E Pants, when combined with a Class 2 Garment create a Class 3 Ensemble.

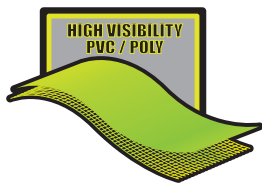

**Self Extinguishing Treated Fabric**  
 Synthetic Material Treated to be Self Extinguishing. Self Extinguishing performance determined utilizing ASTM D6413 with criteria of <2.0 second flame out and <6" Char Length. This garment should never be used where risk of arc flash or Flash Fire hazards maybe present.

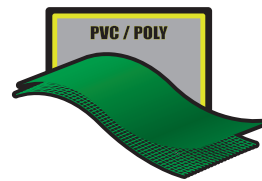

## FABRIC ICONS

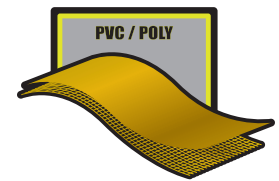

Polyester Scrim provides added stability between two layers of Self-Extinguishing PVC for industrial strength at an affordable price.  
**APPLICATIONS:** Construction, General Purpose, Food Processing

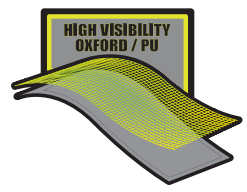

High Visibility PVC Exterior which provides visibility and long-lasting results with a polyester interior that adds dependable protection.  
**APPLICATIONS:** Petrochemical, Chemical Applications, Environmental Clean-Up

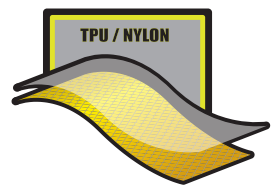

Heavy Duty for protection in hazardous conditions which require extra performance, yet soft and flexible for comfort.  
**APPLICATIONS:** Petrochemical, Chemical Applications, Environmental Clean-Up

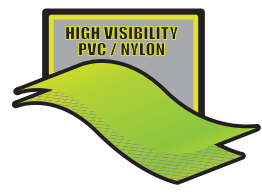

PVC Exterior and Polyester Interior provide a general purpose level of defense for shielding against harsh environments.  
**APPLICATIONS:** Petrochemical, Chemical Applications, Environmental Clean-Up

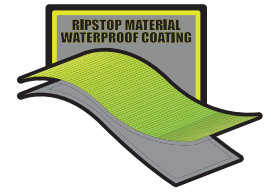

High Visibility, Abrasion Resistant exterior that is lightweight and weatherproof with a PU interior coating.  
**APPLICATIONS:** General Purpose, Construction, Municipalities

Comfortable, flexible and lightweight TPU exterior provides industrial strength protection from hazardous environmental conditions  
**APPLICATIONS:** Food Processing, Sanitation Clean-Up Applications

High visibility PVC exterior for resistance against the elements with the added strength of a lightweight Nylon interior.  
**APPLICATIONS:** Construction, Municipalities, Telecommunications

High Visibility, Rugged and Abrasion resistant exterior with a waterproof, breathable coating interior for added comfort.  
**APPLICATIONS:** Construction, Municipalities, Telecommunications

RAINWEAR

# THE LEADER IN HIGH VISIBILITY

Radians' unwavering commitment to preventing struck by vehicle accidents is evident in the breadth of products developed for Fire, Law Enforcement, emergency response, construction, transportation, fixed industry, and other specialty markets.

- Trusted Brand
- Worldwide Marketing Support
- Premium Designs

- Leader in High Visibility
- Obsessive Quality
- Innovative Solutions

## STANDARDS & TESTING

### ANSI/ISEA 107-2010 STANDARD:

The American National Standard for High-Visibility Safety Apparel is a standard established by American National Standards Institute, Inc (ANSI) and the International Safety Equipment Association (ISEA). Numerous types of workers are routinely exposed to the hazards of low visibility while on the job. This standard provides guidelines for the selection and use of high-visibility safety vests to improve worker visibility during the day, in low-light conditions and at night.

### ANSI 107-2010 VISIBILITY REQUIREMENTS FOR CLASS 2:

- For workers who require greater visibility under inclement weather conditions.
- When work backgrounds are complex.
- When tasks divert attention from approaching vehicle traffic.

### Applications:

Roadway Construction, General Construction, Utility Workers, Mechanical Construction, Municipalities, and Railroad Workers

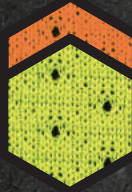

## CUSTOM IMPRINTING AVAILABLE FOR ALL SKUS

# MATERIALS

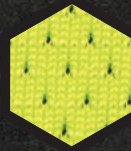

**Birdseye Mesh**

Maximizes airflow to quickly evaporate moisture. Enhanced fibers pull moisture away from the skin to keep you comfortably dry.

**Original Breezelite**

Cool Mesh with PFM technology and high wicking moisture management. 100% polyester. Certified to 75 washes.

**Ultra Breezelite II**

Poly/Spandex comfortable cool mesh. High Performance. High Quality Premium Fabric. Permachill Permanent Wicking. Certified to 75 washes.

**Hydrowick Jersey**

Feels like cotton! Hydrowick moisture management. 5.6 oz 100% polyester lightweight and comfortable. Compliant to 50 washes.

**HV-43 Ripstop**

Solid woven polyester high visibility material with reinforced grids to provide extra durability.

**GEAR™**

# FLAME RETARDANT

**FR OVERVIEW: ASTM F1506 Inherently Flame Retardant Material:**

Standard Performance Specification for:

- Apparel for use by Electrical Workers exposed to momentary electric arc and related thermal hazards.
- ASTM F1506 uses vertical flame test ASTM D6413 to determine flammability.
- Fabric must self extinguish in less than 2 seconds after flame has been removed.
- Char length must be less than 6 inches.
- No melting or dripping can be observed.

ASTM F1506 was developed for fabric intended for NFPA 70E standards and applications requiring arc rating greater than 4.0 cal.

**NFPA 70E HRC Hazard Risk Category Levels:**

HRC level is determined by the minimum amount of calories per square centimeter (ATPV or Cal/cm<sup>2</sup>) a treated garment must pass through with a 50% probability of a 2nd or 3rd degree burn occurring, thus the protective level of the treated clothing. The higher the ATPV, the higher the HRC level attained, the greater the protection.

Hazard Risk Category	Common FR clothing at this level	Min ATPV (Cal/cm <sup>2</sup> )
HRC 1	FR shirt and FR pants; Or FR coveralls; Single base layer of FR protection	4
HRC 2	FR under garments (undershirt, underwear), FR shirt, and FR pants; FR under garments, FR coveralls; 2 or more layers of FR protection	8

### Inherently Flame Resistant (IFR) - ASTM 1506

- Inherently more difficult to ignite than normal clothing.
- FR properties introduced during the initial stages of fiber formation.
- Flame resistant for the life of the fiber / garment.
- Flame resistance is not altered by variations in laundering conditions or environment.

### Flame Resistant Fabric / Clothing - Intended to Provide a Range of Protection

- Reduces exposure to flame.
- Create barrier to heat.
- Resistant to breaking open when exposed to flame.

GlenGuard 

FOR SE D6413 VESTS, PLEASE REFER TO PAGE 121.

### GlenGuard® Hi-Vis - Modacrylic

- Primary material for hazards requiring IFR and ANSI 107.
- All components are IFR and will last the life of the garment.
- Meets ASTM 1506 after 50 launderings.
- Meets ANSI 107 - 2010 after 50 launderings.
- Protected by 4 US patents.

### ANSI-207-2011 Standard for "Public Safety Vests" (PSV).

- Area requirements for fluorescent background material falls between ANSI 107 Class 1 and Class 2.
- A lesser background area requirement allows for short designs giving tactical access to equipment belts.
- Retroreflective area requirements are the same as those for ANSI 107-2010.
- ANSI 207-2011 suggests several design options, such as breakaways, colored identifiers, loops, pockets, badge holders, ID Panels and our patented Zip-N-Rip™ vest closure.

**GEAR™**

# HEATED WORK GEAR

Powered by 20V MAX\* or 12V MAX\* batteries, **DEWALT HEATED JACKETS** provide hours of warmth and comfort when the temperature dips. Constructed from heavy-duty materials, these jackets stand up to tough jobsite conditions and are stylish enough to wear around town.

**3-Zone** Up to 7 hours of runtime on low setting using the 20V MAX\* compact 1.5 Ah battery.

**2 USB POWER PORTS FOR CHARGING PORTABLE ELECTRONICS**

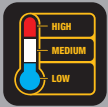

**4-Zone** Up to 5.5 hours of runtime on low setting using the 20V MAX\* compact 1.5 Ah battery.

**INCLUDES BATTERY FUEL GAUGE**

**PROVIDE HOURS OF CORE BODY WARMTH AND CONTINUOUS HEAT**

**LED CONTROLLER OFFERS 3 TEMPERATURE SETTINGS WITH PRE-HEAT FUNCTION**

**DURABLE WIND RESISTANT OUTER SHELL. SELECT STYLES ARE ALSO WATER RESISTANT**

\* With respect to 20V MAX\*, maximum initial battery voltage (measured without a workload) is 20 volts. Nominal voltage is 18.  
 \* With respect to 12V MAX\*, maximum initial battery voltage (measured without a workload) is 12 volts. Nominal voltage is 10.8.  
 \*\*Actual run time varies depending on battery type and heat setting

## DCHJ060 SOFT SHELL WORK JACKET

Available in sizes S-3XL

**DCHJ060C1-(size):** Includes DCHJ060 Heated Jacket, DCB201 20V MAX\* Lithium-Ion Battery (1.5 Ah), Charger and DCB091 Dual USB Port Battery Adapter

**DCHJ060B-(size):** Includes DCHJ060 Heated Jacket and DCB091 Dual USB Port Battery Adapter

- Water and wind resistant, soft poly blend outer shell
- 4 core heating zones; upper left and right chest, mid-back, and collar
- Dual USB Port Battery Adapter includes battery fuel gauge, and 2 USB power ports for charging portable electronics
- Expands to accept DeWALT XR 4.0 Ah battery pack
- LED controller offers 3 temperature settings (high, medium, low) with pre-heat function
- Adjustable waistline and sleeve cuffs
- 4 Pockets: L&R waist, Outer left chest, inner left chest

## DCHJ061 HOODED WORK JACKET

Available in sizes S-3XL

**DCHJ061C1-(size):** Includes DCHJ061 Heated Jacket, DCB201 20V MAX\* Lithium-Ion Battery (1.5 Ah), Charger and DCB091 Dual USB Port Battery Adapter

**DCHJ061B-(size):** Includes DCHJ061 Heated Jacket and DCB091 Dual USB Port Battery Adapter

- Durable water and wind resistant cotton outer shell
- 3 core heating zones; upper left & right chest and mid-back
- Dual USB Port Battery Adapter includes battery fuel gauge, and 2 USB power ports for charging portable electronics
- Expands to accept DeWALT XR 4.0 Ah battery pack
- LED controller offers 3 temperature settings (high, medium, low) with pre-heat function
- Built-in hood with adjustable drawstrings
- Robust metal zipper with wind guard
- 3 Pockets: L&R waist, Inner left chest

Separate distinct display for mounting on peg board or slat wall.

HEATED GEAR

**STAY WARM.  
STAY SAFE.**

The Nordic Blaze™ line includes HARD HAT LINERS and a 3 IN 1 BALACLAVA DESIGN that easily converts into a neck gator or face shield.

## **DESIGNED TO KEEP YOU WARM IN COLD AND HARSH ENVIRONMENTS.**

The ergonomically designed line includes several features and options for added warmth, comfort, and protection, including limited FR self-extinguishing properties when exposed to flame.

Other features include breathable mesh for heat exhaust distribution, chin strap for stability while wearing hard hats, hook and loop that easily attaches to internal hard hat system and shoulder length hard hat liners for added head and neck protection.

## THERMAL BALACLAVA

FR-RWL22 Limited FR\*

### 3-in-1 Design

Balaclava - Face Shield - Neck Gator

### Breathable Mesh

for heat exhaust distribution

### Nordic Thermal Fleece

for added warmth and comfort

### Ergonomic Design

to combat wearer fatigue

## SHOULDER LENGTH THERMAL HARD HAT LINER

RWL17  
FR-RWL17 Limited FR\*

**Inner Nordic Fleece Thermal Liner** keeps in heat  
**Quilted Outer Layer** blocks out chilly weather  
**Hook & Loop Neck Closure** for added protection  
**Hook and Loop** attaches to internal hard hat system  
**Extended Ergonomic Design** for head and neck protection

## THERMAL HARD HAT LINER

RWL19  
FR-RWL20 Limited FR\*

**Lightweight Ergonomic Design** allows for added comfort  
**Hook and Loop** attaches to internal hard hat system  
**Chin Strap** for stability while wearing hard hats  
**Dual Layer Liner** provides added warmth  
**Outer Layer** blocks out wind  
**Inner Nordic Fleece Thermal Liner** allows for added comfort

\*Limited FR - against D6413 Test: The background material in this product is composed of treated polyester which will self-extinguish when exposed to flame. Self-extinguishing properties will diminish with washing. This garment does not provide protection against arc flash and should never be used where an arc flash or flash fire hazard is present.

**RADIANS®**

# HEAD PROTECTION

## ANSI Z89.1-2009

1. Class E (Electrical) - Previously Class B - Designed to reduce danger of contact with high voltage sources and is proof tested to 20,000 volts.
2. Class G (General) - Previously Class A - Designed to protect against contact with low voltage and is proof tested to 2,200 volts.
3. Class C (Conductive) - Does not offer protection against contact with electrical conductors.

### TYPE I (Top Impact):

- Reduces the force of an impact to the top of the wearer's head.

### TYPE II (Top and Lateral Impact):

- Reduces the force of an impact to the top and sides of the wearer's head.

### Impact Energy Attenuation

Measures helmet crown's capability to reduce the force of an impact from falling objects to the top of a wearer's head.

### Apex Penetration

Measures helmet crown's capability to resist penetration.

### Flammability

Measures the resistance to burning or combustion when exposed to an ignition source.

### Electrical Insulation

Measures electrical shock resistance capability of helmet. Helmet Types I & II:

## DIAMOND™

### BUMP CAP

**COOLS BODY TEMPERATURE**

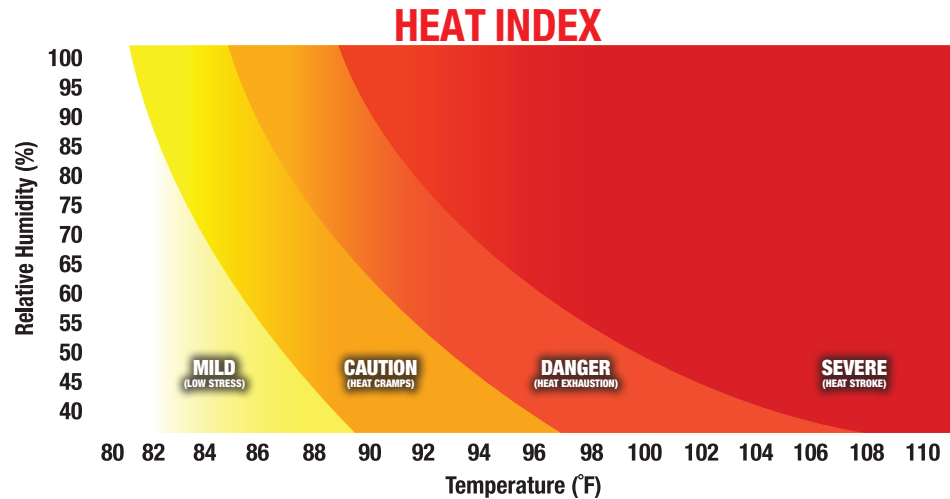

**MOISTURE MANAGEMENT**

## Combat Heat Stress & Fatigue with an Intense Cooling Experience

### WARNING SIGNS of HEAT STRESS:

- *Throbbing Headache*
- *Nausea*
- *Fainting*
- *Lack of Thirst*
- *Increased Heart Rate*
- *Difficulty Focusing*
- *Irritable*

OSHA lists temperatures over 91 as a moderate risk and advises to implement precautions that reduce heat stress.

**If your work, lifestyle or sport activities expose you to high levels of heat, protect yourself against heat stress with Arctic Radwear™ cooling products by Radians®.**

Radians Arctic Radwear™ cooling products are made with Advanced ARCTIC™ Technology that accelerates the evaporative cooling process to combat heat stress. Just soak in water for 2 - 3 minutes and then experience cooling relief for up to 5 hours. The Arctic Radwear™ products are designed to keep you cool during hot outdoor activities, such as construction work, tough workouts, or any strenuous activity.
