CLOTHING

PROTECTING GENERATIONS SINCE 1896

Tingley Rubber started in 1896 as a family business, and five generations later Tingley remains a family business. Over the years our company's products have ranged from a simple rubber bicycle tire repair kit to today's high tech safety apparel and footwear.

The thread that ties it all together is that we have always focused on using the latest innovations in materials and manufacturing to make the best products with the best value.

Tingley is a world leader in protective apparel and footwear. We are known for the reputation we started in 1896 for building high performance and value into every product we make.

Our family and employees have been dedicated to providing quality and value in everything we produce and that commitment remains today. That is why generations of customers have trusted the Tingley name for quality and service since 1896.
